- 2020/2021 PVO Mission
 - The PVO Officers believe that all members of the GCOM Community will need support during this school year in ways that are going to look different from previous years. This school year, the PVO is committed to offering support to teachers/staff financially as well as emotionally; we are **equally** committed to the emotional wellbeing of our GCOM families. We are lining up several virtual family events that, we hope, bring joy, laughter, and fun memories.
